NOTE TO: Bob Magee
Director of Personnel

FROM : Associate Deputy Director for Intelligence

Bob

1. As you know we have been working with your people to buy some PCs for the recruiters to help organize the information on recruitment. So far we have been successful only in developing plans to provide one recruiting office with a PC (that office is is approved but has no secure storage and is not in a secure area. This all just may be too hard.

2. My inclination is to ask you to give us in paper form the bi-weekly reports from the recruiters.* We will organize it, put it into a program in retrievable form and give it back to you. At present we do not have the information necessary to monitor what is going on. We have only just now received our first complete file from our recruiting effort last September. I don't know how to get a hold of the throat of this system.

Richard J. Kerr

PS: I will be following up with a note about the CT program.

** We have not yet seen any of these.*
